Assessment Requirements for DEFDPL026

Provide high-level support on operations law matters

Release: 1

Assessment Requirements for DEFDPL026 Provide high-level support on operations law matters

Modification History

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least one occasion and include:

- communicating effectively on complex sensitive legal matters
- coordinating with instructing legal officer to advices, planning schedules and training on operational law matters
- filing and maintaining records for operational law matters in accordance with Defence policy
- managing information in accordance with Defence security and operational requirements
- preparing and processing documents involved in operations law matters
- providing appropriate support for complex operations law matters
- undertaking complex research to support instructing legal officer.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria and include knowledge of:

- application of domestic and international law operations, law matters and service discipline proceedings
- complex legal practices and procedures
- conflict of interest test check procedure
- Defence policies and procedures
- information sharing in accordance with organisational policies and procedures
- legal terminology relevant to simple and complex legal matters
- relationship and differences between domestic and international operations and potential impacts on legal advices
- relevant legal practices and procedures
- rules of engagement
- the Defence Act and related legislation.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training

Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including legislation, regulations, codes of practice, workplace procedures and operation manuals
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry.
