Assessment Requirements for DEFVL002 Evaluate and report collected information

Release: 2

Assessment Requirements for DEFEVL002 Evaluate and report collected information

Modification History

Release 2.0. This is the second release of this unit of competency in the DEF Defence Training Package Release 4.0. Modifications have been made to Foundation Skills and Assessment Conditions.

Release 1.0. These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages.

Assessment Requirements created drawing upon specified assessment information from superseded unit.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least two occasions and includes:

- paying attention to detail
- communicating facts in a fluent, clear manner
- researching information
- gathering, measuring and managing data
- planning and analysing
- negotiating and problem solving
- using a range of communication styles for communicating with different audiences and purposes
- applying sustainability principles.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- organisational protocols relating to client liaison
- confidentiality
- accuracy
- business mathematics and statistics
- data analysis techniques/procedures
- reporting requirements to a range of audiences
- legislation, policy and procedures relating to the conduct of evaluations
- organisational values, ethics and codes of conduct.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
