Release: 1

DEFEXO010 Conduct explosives packaging inspection

Modification History

Release	Comments
1	This unit was released in DEF Defence Training Package release 1.0 and meets the Standards for Training Packages. This unit supersedes and is equivalent to DEFEO503C Conduct explosives packaging inspection. • Unit code updated • Content and formatting updated to comply with the new standards • All PC transitioned from passive to active voice • PC 1.2 removed • PC 3.1 reworded • Element 1 one new PC

Application

This unit describes the skills required to conduct an inspection of explosives packaging and to process the packaging for further action that may be required. Processing the packaging is subject to the outcomes of the inspection and may result in damaged or defective packaging being rejected, disposed of, returned to the manufacturer or sent for maintenance.

This unit applies to those required to conduct an inspection of explosive packaging and to process the packaging for further action that may be required.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work independently and as part of a team, under direct and/or indirect supervision, use discretion and judgement, and take responsibility for the quality of their output. They would perform routine tasks in a range of contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.

Assessment Requirements for DEFEXO010 Conduct explosives packaging inspection

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- identifying packaging construction and configuration
- identifying faults with labelling and marking

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

Basic knowledge of:

- legislative and regulatory requirements

Operational knowledge of:

- characteristics and limitations of packaging to be inspected
- inspection procedures
- organisational documentation requirements
- organisational safety requirements

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
