DEFEXO011 Refurbish explosives packaging

Modification History

Release	Comments
1	This unit was released in DEF Defence Training Package release 1.0 and meets the Standards for Training Packages. This unit supersedes and is equivalent to DEFEO521A Refurbish explosives packaging. • Unit code updated • Content and formatting updated to comply with the new standards • All PC transitioned from passive to active voice • PC 1.2 removed • PC 2.2 and 3.1 reworded

Application

This unit describes the skills required to refurbish explosives packaging. The unit requires the individual to inspect the packaging to determine whether it can be refurbished, refurbish the packaging and maintain a range of documentation.

This unit applies to those required to prepare for and refurbish explosives packaging following deterioration or damage of the packaging through handling.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work as individuals and as part of a team, under direct and/or indirect supervision, use discretion and judgement, and take responsibility for the quality of their output. They would perform routine tasks in a range of contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.

Competency Field

Assessment Requirements for DEFEXO011 Refurbish explosives packaging

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- applying protective coatings
- using PPE
- using manual handling and team lifting techniques
- handling dangerous goods and hazardous substances
- identifying packaging materials and components
- operating equipment and tools

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

Operational knowledge of:

- characteristics and limitations of explosive packaging
- organisational documentation requirements
- refurbishment procedures
- relevant colour coding

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
