Assessment Requirements for DEFEXO603

Conduct explosive ordnance trials

Release: 2

Assessment Requirements for DEFEXO603 Conduct explosive ordnance trials

Modification History

Release 2. Modifications made to Assessment Conditions.

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying organisational safety policies and structures, including work health and safety (WHS)/occupational health and safety (OHS) requirements
- applying relevant organisational policies and procedures
- applying safety, legislative and statutory requirements relevant to the risk assessment
- communicating clearly and effectively
- coordinating relevant activities
- documenting and reporting trial results
- evaluating information
- identifying and allocating resources
- identifying hazards, assessing risks and implementing control measures
- identifying issues, interpreting and analysing risk assessment requirements relevant to explosive ordnance trial work being performed
- implementing trial methodologies and procedures
- recording trial data

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- evaluation processes
- explosive ordnance trials including:
 - environmental testing
 - organisational trials
 - proof testing
 - research group or divisional trials
 - specific field testing which is not a normal component of laboratory testing
- information support systems

- organisational safety policies and structures
- organisational WHS/OHS requirements
- relevant organisational methodologies, policies and procedures
- resource requirements and allocation guidelines
- risk assessment
- trialling methodologies

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
