DEFFIN027 Support public sector financial compliance and assurance management

Release: 1

DEFFIN027 Support public sector financial compliance and assurance management

Modification History

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

Application

This unit describes the skills required to provide support to the management of Defence financial governance requirements.

This unit applies to those working in the public sector Finance Domain who would be required to undertake financial administration activities.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to, particularly those related to government financial management.

Those undertaking this unit would be working under minimal supervision and/or supervising small teams while undertaking financial management tasks. They would perform routine tasks in familiar context.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

Financial Management

Unit Sector

Not applicable.
