Assessment Requirements for DEFMIL007 Participate in ceremonial activities

Release: 2

Assessment Requirements for DEFMIL007 Participate in ceremonial activities

Modification History

Release 2.0

This unit was released in DEF Defence Training Package Release 2.2.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and includes:

- performing ceremonial drill manoeuvres, including:
- turns and inclines at the halt and on the march
- performing eyes right and left
- open and close order on the march
- forming ranks, standing at ease, standing easy, advancing in review order
- leaving ranks, reporting to an officer and being dismissed
- performing salutes

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- fronts and flanks
- generic parade sequences
- meaning of words of command
- preparation of clothing and equipment in accordance with Standing Orders for Dress
- purpose of drill
- types of ceremonial activities that employ drill

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in suitable workplace operational situations. Where this is not appropriate, assessment must occur in suitable simulated workplace operational situations

reflecting actual industry workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, facilities, equipment and personal protective equipment currently used in the industry
- applicable documentation relevant to the industry including workplace procedures, industry standards, equipment specifications, regulations, codes of practice and operation manuals.
