DEFMIL007 Participate in ceremonial activities

Release: 2

DEFMIL007 Participate in ceremonial activities

Modification History

Release 2.0

This unit was released in DEF Defence Training Package Release 2.2.

Application

This unit describes the skills required to perform ceremonial drill movements and to participate in ceremonial activities. Ceremonial drill fosters discipline, teamwork and a sense of collective identity while providing an appropriate means to physically commemorate the unique history, customs and traditions of Defence service.

This unit applies to personnel undertaking training relevant to the Defence Organisation and the development of relevant skills and attributes.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work both individually and as part of a team, under direct supervision, performing specific tasks in a limited range of contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.

Competency Field

Military Skills

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

1 Prepare for ceremonial activities

2 Participate in ceremonial activities

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

1.1 Prepare clothing, accessories and equipment for drill and ceremonial activities.

1.2 Practise drill movements to achieve the required standards.

2.1 Wear clothing, accessories and equipment to the high standard required for ceremonial activities.

- 2.2** Execute all drill movements as required for the relevant ceremonial activity.

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information

Supersedes and is equivalent to DEFCM105C Participate in ceremonial activities

Assessment Requirements for DEFMIL007 Participate in ceremonial activities

Modification History

Release 2.0

This unit was released in DEF Defence Training Package Release 2.2.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and includes:

- performing ceremonial drill manoeuvres, including:
- turns and inclines at the halt and on the march
- performing eyes right and left
- open and close order on the march
- forming ranks, standing at ease, standing easy, advancing in review order
- leaving ranks, reporting to an officer and being dismissed
- performing salutes

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- fronts and flanks
- generic parade sequences
- meaning of words of command
- preparation of clothing and equipment in accordance with Standing Orders for Dress
- purpose of drill
- types of ceremonial activities that employ drill

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in suitable workplace operational situations. Where this is not appropriate, assessment must occur in suitable simulated workplace operational situations

reflecting actual industry workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, facilities, equipment and personal protective equipment currently used in the industry
- applicable documentation relevant to the industry including workplace procedures, industry standards, equipment specifications, regulations, codes of practice and operation manuals.
