Release 2.0. This unit was released in DEF Defence Training Package Release 2.2.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and includes:

At least two ethical problems should be posed requiring a response or action that can be assessed.

- being aware of self and others
- developing character
- displaying:
 - daily living skills
 - dedication to duty
 - initiative
 - loyalty and honour
 - mateship and teamwork
 - the will to win
- physical and moral courage
- compassion and honesty towards others
- coping with the demands of service life
- performing tasks within a Defence context
- accepting new challenges that are a feature of service life
- recognising the fundamental importance of the Defence team

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- organisational drug policy
- organisational security
- arrest, charges, rights of an accused
- customs, uniforms and ranks of the Defence organisation
- Defence Force Discipline Act and common military offences
- organisation of the Defence and the Australian Defence Force (ADF)
- performance assessment system

- requirement for appropriate Defence conduct

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in suitable workplace operational situations. Where this is not appropriate, assessment must occur in suitable simulated workplace operational situations reflecting actual industry workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, facilities, equipment and personal protective equipment currently used in the industry
- applicable documentation relevant to the industry including workplace procedures, industry standards, equipment specifications, regulations, codes of practice and operation manuals.
