Assessment Requirements for DEFMIL042 Operate and maintain armoured vehicle weapon systems

Release: 1

Assessment Requirements for DEFMIL042 Operate and maintain armoured vehicle weapon systems

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- applying operational safety
- applying relevant WHS requirements
- carrying out weapon drills
- conducting equipment maintenance
- identifying regional armoured fighting vehicles and aircraft
- responding to fire control orders
- selecting and preparing ammunition
- using communication systems
- using equipment/instruments
- reacting instinctively to fire orders
- working as an effective member of the crew
- operating the system without a breach of safety procedures

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- armoured fighting vehicle weapons drills and procedures
- characteristics, technical capabilities, effects, employment and limitations of relevant ammunition

- characteristics, technical capabilities, effects, employment and limitations of relevant armoured fighting vehicle weapon systems
- characteristics, technical capabilities, effects, employment and limitations of relevant equipment
- fire control orders and fire discipline
- WHS requirements
- regional armoured fighting vehicles and aircraft recognition reporting requirements and procedures associated with the operation of equipment
- safety precautions associated with the equipment

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
