Assessment Requirements for DEFMIL061

Operate indirect fire weapons

Release: 1

Assessment Requirements for DEFMIL061 Operate indirect fire weapons

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- demonstrating hand eye coordination and manual dexterity
- using communication equipment
- working in a stressful environment
- using ancillary equipment including at least one of:
 - collimator/aiming devices
 - fuse setters
 - orientation and positioning equipment
 - weapon sights
- identifying ammunition defects including at least two of:
 - corrosion
 - cracks
 - damaged packaging
 - dented cartridge cases
 - fluting of the cartridge case
 - incorrect fuse projectile combinations
 - incorrect propellants
 - proud or recessed primer
 - rust
 - weeping

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- characteristics and technical capabilities of the system
- WHS requirements
- safety precautions associated with the equipment

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
