Assessment Requirements for DEFMIL112

Undertake surveillance tasks

Release: 1

Assessment Requirements for DEFMIL112 Undertake surveillance tasks

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. • Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- employing relevant patrol equipment
- preparing and using surveillance equipment
- applying fieldcraft and battle craft
- conducting surveillance on a target
- assimilating orders

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- administrative requirements
- battle craft
- characteristics, technical capabilities, effects, employment and limitations of patrol weapons
- characteristics, technical capabilities, effects, employment and limitations of relevant patrol equipment
- current operational environment
- fieldcraft
- first aid
- navigation techniques
- operational safety

- patrol drills
- preventative health measures

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
