Assessment Requirements for DEFMIL133 Undertake offensive actions

Release: 1

Assessment Requirements for DEFMIL133 Undertake offensive actions

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. ► Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- applying battle craft
- applying navigation techniques
- applying operational safety
- applying recognised safety precautions
- interpreting fire control orders
- attacking a prepared position
- adhering to all relevant drills and procedures:
 - advance:
 - quick response force
 - contact drills
 - counter ambush drills
 - mine incident drills
 - obstacle crossing drills
 - harbour drills
 - short and long halts
 - rendezvous and marry up procedures
 - attack:
 - preparation
 - assault
 - fight through/close assault drill
 - exploitation

- reorganisation fire support
- ambush:
 - preparation
 - occupation
 - initiation
 - searching
 - withdrawal

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- battle craft
- characteristics, technical capabilities, effects, employment and limitations of equipment
- fire control orders
- orders for open fire

Assessment Conditions

Competency should be demonstrated over time in a range of contexts that could be expected in the workplace. It should be assessed in a simulated operational threat environment. The person should be exposed to the extremes of the operational environment under physical and mental stress. The context of assessment would usually be simulated due to the nature of this high risk environment.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
