

**Australian Government**

# **Assessment Requirements for DEFRNG016 Coordinate training area and range activities**

**Release: 1**

# **Assessment Requirements for DEFRNG016 Coordinate training area and range activities**

## **Modification History**

Release 1. These Assessment Requirements were released in DEF Defence Training Package release 3.0

## **Performance Evidence**

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and includes:

- conducting briefings
- liaising and negotiating
- exercising tact and judgement in a command and control environment
- interpreting and applying technical information
- checking safety traces and danger area templates

## **Knowledge Evidence**

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- range and/or ammunition danger area templates
- composition of teams and roles and responsibility of team members
- negotiation techniques
- range practices
- relevant policies, publications, legislation and regulation
- teamwork principles and strategies
- training objectives and activities
- weapons/systems characteristics

## **Assessment Conditions**

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace

conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
