DEFRNG034 Monitor training area and range activities

Release: 1

DEFRNG034 Monitor training area and range activities

Modification History

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

Application

This unit describes the skills and knowledge required to monitor training area and range (TAR) activities to ensure those activities comply with Standing Orders, relevant policy and instructions.

This unit was developed for Defence personnel who work in range management and range control but may be relevant to others who work in this field.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work independently or as part of a team, under indirect supervision, while performing complex tasks, in a range of familiar and unfamiliar contexts. They would use discretion and judgement and take responsibility for the quality of their outputs. No licensing, legislative or certification requirements apply to this unit at the time of publication.
