# **Assessment Requirements for DEFRNG038**

## **Provide technical advice on ranges and training areas**

**Release: 1**

# **Assessment Requirements for DEFRNG038 Provide technical advice on ranges and training areas**

## **Modification History**

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

## **Performance Evidence**

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least one occasion and include:

- accessing relevant workplace standards
- analysing and evaluating information
- applying organisational policies and procedures
- conducting research
- identifying the issues surrounding the provision of advice
- liaising with stakeholders
- maintaining records according to organisational policies and procedures
- preparing and presenting reports
- providing and receiving feedback in a constructive manner.

## **Knowledge Evidence**

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria and include knowledge of:

- analysis process
- codes of conduct and behaviour
- information sources
- organisational policies and procedures
- relevant policies and procedures in relation to training area/range standing orders and workplace standards
- research techniques
- verbal communication techniques
- written communication to a level required in the preparation of letters and reports.

## **Assessment Conditions**

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including legislation, regulations, codes of practice, workplace procedures and operation manuals
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry.
