1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. • Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- analysing and validating tactical information
- receiving and interpreting instructions
- interpreting sensor returns
- operating sensor display settings
- performing manual tracking
- recognising contacts and applying tracking
- reporting accurate information based on recognised contacts and tracks

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- air, surface and sub-surface contacts
- criteria for classifying contacts
- IFF system operation settings
- requirements for a valid contact
- requirements of a tactical display
- theory of radar
- theory of sonar

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
