DEFSS00040 Risk Management Skill Set

Release: 1

DEFSS00040 Risk Management Skill Set

Modification History

Release 1. New Skill Set.

This is the first release of this Skill Set in the DEF Defence Training Package.

Description

The Skill Set reflects the knowledge and skills required by individuals within Defence to identify and develop risk management strategies to minimise risk. They will aim to reduce risk in a Defence environment.

Pathways Information

This Skill Set is part of the DEF Defence Training Package. The Skill Set can be a standalone outcome or the units of competency may contribute to the achievement of relevant qualifications.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this Skill Set at the time of publication.

Skill Set Requirements

A total of **two (2)** units of competency must be attained.

DEFCPL004 Apply knowledge of risk management

DEFGEN008 Treat risk within Defence at an operational level

Target Group

This Skill Set is relevant for Defence personnel who are required to treat and reduce risks through risk management strategies.

Suggested words for Statement of Attainment

The DEFSS00040 Risk Management Skill Set meets the industry requirements to work both independently or within a team to manage risk in accordance with legislative, regulatory and policy guidance. These members will have supervisory or management responsibilities.

Custom Content Section

Not applicable.
