DEFSS00049 Foundational Military Skill Set

DEFSS00049 Foundational Military Skill Set

Modification History

Release	Comments
1	This skill set was first released in DEF Defence Training Package Release 7.0.

Description

This skill set prepares individuals to operate effectively in high-threat environments by applying combat survival techniques, responding to casualties, and employing weapons and equipment under challenging conditions. It supports readiness for field operations requiring resilience, tactical awareness, and proficiency in core soldiering tasks.

This Skill Set has been designed to be delivered by programs supported by the Australian Defence Force (ADF). Design and delivery of the program must be done in collaboration with relevant ADF personnel.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Pathways Information

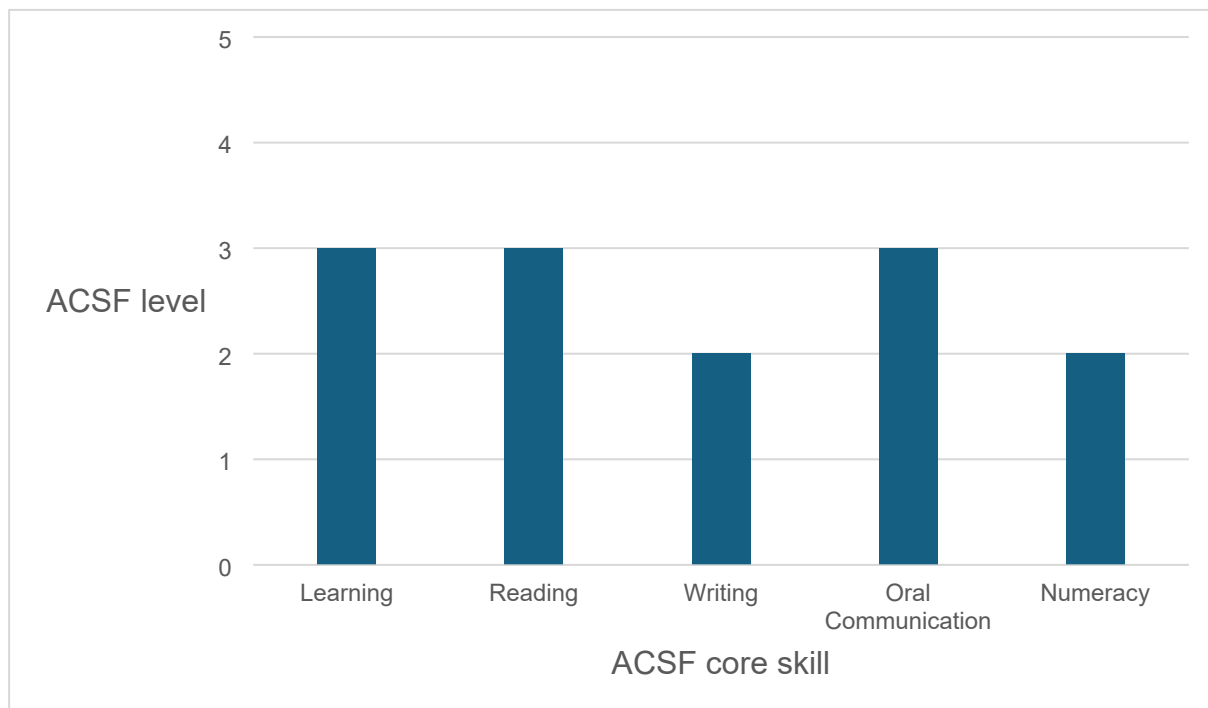

This Skill Set is part of the DEF Defence Training Package. The Skill Set can be a standalone outcome, or the units may contribute to the achievement of relevant qualifications.

Entry Requirements

There are no entry requirements for this skill set.
