Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- applying organisational requirements relevant to WHS
- applying statutory requirements relevant to the WHS legislation
- identifying, interpreting and analysing WHS legislation requirements relevant to work being performed
- using appropriate information technology and software
- adhering to relevant compliance requirements
- applying knowledge of WHS legislation to assist in work and to guide problem solving

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- configuration management
- WHS legislation relevant to the work performed
- organisational requirements relevant to WHS
- statutory requirements relevant to safety case and safety systems

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
