Assessment Requirements for FBPBPG1001 Pack or unpack product manually

Release: 1

Assessment Requirements for FBPBPG1001 Pack or unpack product manually

Modification History

Release	Comments
Release 1	This version released with FBP Food, Beverage and Pharmaceutical Training Package Version 6.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has manually packed and/or unpacked at least 10 products, including:

- applying food safety procedures to work practices
- following safe work procedures.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- purpose and function of packaging
- quality requirements of packaging components and consumables, the packing process, and the effect of outputs on both the further stages of packaging and storage, and on the final consumer
- packaging components and consumables used for each product type
- packaging, unpacking and/or wrapping and/or placement procedures for each product type
- consequences of incorrect procedures or configuration
- specifications for packing/packaging product and related equipment, components and consumables as required, including identifying any special packing/packaging requirements of particular customers
- storage and handling requirements of product
- contamination/food safety risks associated with manual packing, and related control measures
- common causes of variation in both product presented for packing and packing components and consumables, and corrective action required
- health and safety hazards and controls, including appropriate materials handling techniques related to the role
- services required, and action to take if services are not available.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - personal protective clothing and equipment
 - relevant materials, packaging components and consumables, and related equipment
- specifications:
 - work procedures, including advice on safe work practices, food safety, quality and waste disposal requirements
 - production schedule and packaging specifications
 - documentation and recording requirements
- relationships:
 - supervisor.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
