Assessment Requirements for FBPFV3002 Program fresh produce grading equipment

Release: 1

Assessment Requirements for FBPFV3002 Program fresh produce grading equipment

Modification History

Release	Comments
Release 1	This version released with FBPF Food, Beverage and Pharmaceutical Training Package version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has, on at least one occasion:

- analysed grading requirements and confirmed specifications for grading equipment
- determined grading specifications for a variety of outcomes
- used computing or mechanical technology to achieve grading specifications of fresh produce
- verified program specifications for required outcomes
- analysed non-conformances and grading problems, and determined probable cause
- completed workplace records in required format.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- grading equipment features, processes and technologies
- factors that influence grading outcomes
- typical problems that occur in the grading process, and likely causes and appropriate response options
- characteristics of produce used for grading and the process of identification.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a workplace or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - personal protective clothing and equipment

- produce, grading equipment and consumables
- specifications:
 - work procedures, including advice on safe work practices, standard operating procedures (SOP), food safety, quality and environmental requirements
 - grading specifications
 - workplace information recording systems, requirements and procedures
 - cleaning procedures, materials and equipment
- relationships:
 - interactions with team members and supervisors.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
