Assessment Requirements for FBPFST4009 Label foods according to legislative requirements

Release: 2

Assessment Requirements for FBPFST4009 Label foods according to legislative requirements

Modification History

Release	Comments
Release 2	This version released with FBP Food, Beverage and Pharmaceutical Training Package Version 3.0.
Release 1	This version released with FBP Food, Beverage and Pharmaceutical Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has produced accurate labels for two different items of food and/or beverages that comply with the current Food Standards Code.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- legislation, regulations and standards relating to food and/or beverage labelling
- legal, industry and enterprise requirements of a food or beverage label, including requirements for specifying allergens and irradiated foods or beverages, percentage labelling and mandatory warning and advisory statements and declarations (including genetically modified ingredients)
- data to be accessed to populate a product label
- legal implications of incorrect food or beverage labelling
- exemptions for nutrition information
- the relationship between the consumer and information required on a label.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a workplace setting or an environment that accurately represents a real workplace
- resources, equipment and materials:

- personal protective equipment required for labelling food and/or beverages according to legislative requirements
- labelling equipment
- specifications:
 - production process, manufacturer advice and operating procedures
 - workplace documentation, including specifications and procedures for food and/or beverage labels
 - food and/or beverage labelling legislation, codes of practice and guidelines
 - workplace information recording systems, requirements and procedures.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
