Assessment Requirements for FBPVIT2009 Plant vines by hand

Release: 1

Assessment Requirements for FBP VIT2009 Plant vines by hand

Modification History

Release	Comments
Release 1	This version released with FBP Food, Beverage and Pharmaceutical Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has planted cuttings and rootlings by hand on at least one occasion and demonstrated the following:

- using personal protective equipment (PPE)
- preparing vine equipment and material ready for use
- planting vines according to workplace procedures
- recognising health and non-conformances with cuttings and rootlings
- collecting, sorting, treating, and disposing of waste according to workplace procedures
- maintaining workplace records.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- health and safety hazards and controls in the workplace
- purpose and application of PPE
- appearance and features of healthy vine planting material
- conducting work according to terrain, climate and weather conditions
- operating procedures for equipment used for planting vines by hand including set up and shut down requirements
- environmental issues and controls
- procedures and responsibility for reporting non-conformances
- soil characteristics as they apply to vine establishment:
 - structure
 - compaction
 - condition
 - present moisture
 - present nutrients and toxic factors

- parts of the vine
- planting requirements and procedures:
 - spacing
 - row width
 - depth
 - soil preparation
 - rootling preparation
 - soil compaction
 - planting procedure
 - rootling health
- correct disposal of waste material
- cleaning and storage of equipment
- recording workplace information.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a wine grape growing workplace or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - PPE
 - equipment, services and corresponding information
 - cuttings and rootlings ready for planting
 - cleaning materials and equipment
 - system for recording information
- specifications:
 - work procedures, including advice on company practices, safe work practices, quality and environmental requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards
