Release: 1

FNSASICV513 Provide wholesale advice in derivatives

Modification History

Release	Comments
Release 1	This version first released with the FNS Financial Services Training Package Version 8.0. Supersedes and is not equivalent to FNSASICV503 Provide advice in derivatives.

Application

This unit describes the skills and knowledge required to analyse client financial needs and objectives and provide wholesale advice ethically and professionally in derivatives, in compliance with industry regulations, codes of practice and current Australian Securities and Investments Commission (ASIC) and Australian financial services (AFS) licensing.

The unit applies to those who apply specialist knowledge and well-developed interpersonal, communication and self-management skills to perform a wholesale advisory role in derivatives.

Work functions in the occupational areas where this unit may be used are subject to regulatory requirements. Users are advised to check with the relevant regulatory authorities to confirm those requirements.

Pre-requisite Unit

FNSFMK502 Analyse financial market products for client

FNSFMK525 Analyse clients' financial risk

Unit Sector

ASIC

Assessment Requirements for FNSASICV513 Provide wholesale advice in derivatives

Modification History

Release	Comments
Release 1	This version first released with the FNS Financial Services Training Package Version 8.0. Supersedes and is not equivalent to FNSASICV503 Provide advice in derivatives.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- provide wholesale advice in derivatives for at least two different clients.

In the course of the above, the candidate must:

- comply with organisational policies and procedures, industry regulations and legislative requirements for derivatives
- implement the plan, policy or transaction once agreed by each client.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

Generic knowledge

- organisational policies and procedures relating to providing wholesale advice in derivatives
- characteristics of the economic environment, including:
 - impact of economic and business cycles
 - interest rates and exchange rates
 - inflation
 - government monetary and fiscal policy
- operation of financial markets, including:
 - roles played by intermediaries and issuers
 - structure and interrelationships within the financial markets
 - interrelationship between industry sectors

- key aspects of financial products, including:
 - types of financial investment products
 - specific inclusions and exclusions
 - types of financial risk products
 - fee structures and charging methodologies

Specialist knowledge

- key characteristics of derivatives markets, including:
 - market participants
 - roles played by intermediaries
 - structure and interrelationships between the securities and derivatives sectors
- key characteristics of derivatives products, including:
 - fee structures and charging methodologies
 - associated risks
 - investment options using derivatives products
- key theories of investment, portfolio management and management of investment and risk, including:
 - investment concepts
 - investment strategies
 - identification of types of risk
 - client risk profile
- taxation issues in relation to derivatives, financial products and markets in which they operate
- legal environment, including disclosure and compliance covering:
 - role of representative and adviser
 - legal principles relating to key Acts relevant to performance evidence
 - relationship between ethics and regulatory requirements, including good faith, utmost good faith, full disclosure of remuneration and fees, and any other conflicts of interest that may influence adviser's recommendation
 - relevant industry standards and codes of conduct
 - regulators' guidelines relevant to the provision of general or wholesale advice in derivatives
 - resolution procedures for internal and external complaints
 - Australian Securities and Investments Commission (ASIC) market integrity rules
 - Australian Securities Exchange (ASX) 24 Operating Rules
 - elements of the Registered Representative Course and Examination program.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- office equipment, technology, software and consumables used to provide wholesale advice in derivatives
- clients requiring wholesale advice in derivatives
- derivatives product information.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
