Assessment Requirements for FNSCUS513 Review business performance

Release: 1

Assessment Requirements for FNSCUS513 Review business performance

Modification History

Release	Comments
Release 1	This version first released with FNS Financial Services Training Package Version 5.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- review the performance of a business or business unit against at least three different business performance targets, at least one of which must be efficiency related and at least one quality related.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- key features of organisational policies and procedures and industry compliance requirements relating to collecting and analysing data and conducting a business performance review
- role of performance measures, targets and budgets in analysing business performance
- common business performance targets or key performance indicators (KPIs), and their impact on business performance
- managerial techniques to review and analyse their own work and the work of others to determine required actions.
- market position of the business or business unit described in the performance evidence relative to its competitors.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- organisational equipment and consumables
- organisational records, policies and procedures.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
