Assessment Requirements for FNSPIM512 Negotiate settlements for medical indemnity claims

Release: 1

Assessment Requirements for FNSPIM512 Negotiate settlements for medical indemnity claims

Modification History

Release	Comments
Release 1	This version first released with FNS Financial Services Training Package Version 2.0.

Performance Evidence

Evidence of the ability to:

- prepare terms and conditions of settlement for medical indemnity claims
- negotiate settlements for medical indemnity claims with relevant parties
- provide case instructions for legal providers in claims proceeding to court.
- monitor progress and finalise medical claim settlement

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- discuss key principles of equal employment opportunity, equity and diversity in the context of medical indemnity
- describe the types and key features of medical indemnity insurance policy coverage and terms and conditions
- outline risk management in a medical indemnity context
- outline organisational procedures for medical indemnity claims settlement negotiation including the use of case law
- explain organisational systems and administrative requirements for data entry and filing including coding requirements
- provide an overview of medical indemnity claims processes within the Australian court system including the role of coronial inquests
- list and describe key legal terminology used in the medical indemnity sector
- explain the roles and responsibilities of legal providers in medical indemnity claims management
- provide a brief overview of the principles of cost estimating in claims assessments
- explain criteria used to determine medical indemnity settlement payments

- describe analysis tools used to assess medical indemnity claims and to calculate losses or damages
- describe organisational arrangements for delegations of authority
- outline obligations and options for settlement under current legislation.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the personal injury management field of work and include access to;

- office equipment, technology, software and consumables
- organisational records, policies and procedures.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
