specialist knowledge of the specific industry or product in which they are operating. For general insurance products this includes:

types of general insurance products/policies

standard cover (and deviations)

policy wordings

taxes and charges

insurance claims

premium rating/risk selection

reporting

product development

underwriting

for deposit products and non-cash payment facilities this includes:

types of products/facilities

product/facility characteristics

Skills requirements include:

ability to perform completed needs analysis

analytical skills

ability to use databases and computerised equipment

presentation skills

customer negotiation skills

ability to analyse information and products to ensure appropriateness to client needs,
currency and accuracy

effective interpersonal and communication skills

Evidence Guide

EVIDENCE GUIDE

Assessment of performance requirements in the unit should be undertaken in an industry context. The Evidence Guide identifies the critical aspects, knowledge and skills to be demonstrated to confirm competency for the unit. Competency is demonstrated by performance of all stated criteria including the Range Statement applicable to the workplace.

Overview of assessment requirements

To achieve competency in this unit, a person must be able to demonstrate:

knowledge of industry regulations and codes of practice, financial products and services, financial markets and characteristics, roles of other specialist providers and licensees, as well as the impacts of taxation on the clients financial requirements for the specific products offered

for insurance products, competence in this unit is subject to the staff members' approval/authority to accept the transfer of risk

Critical aspects of evidence

Evidence required for demonstration of consistent performance:

Competency is demonstrated by performance of all stated criteria, including the Range Statement applicable to the workplace environment.

Assessment should cover a representative range of clients (risk profile and needs) and products.

Delivery/assessment relationship to other units:

This unit could be assessed in conjunction with:

FNSASIC301B Establish client relationship and analyse needs.

Assessment Requirements

Method of assessment:

For valid and reliable assessment of this unit, evidence should be gathered through a range of methods to indicate consistent performance.

Assessment of this unit of competence will usually include observation of processes and procedures, oral and/or written questioning on underpinning knowledge and skills and other methods as required.

Context of assessment:

Assessment of performance requirements in this unit should be undertaken within the financial services industry context and should cover aspects of personal/financial responsibility and accountability.

Aspects of competency, including the attainment of relevant knowledge and skills, may be assessed in a relevant workplace, a closely simulated work environment, or other appropriate means that clearly meet industry competency requirements.

Registered Training Organisations (RTOs) need to be mindful of the legislative obligations of licensees, where ASIC have prescribed the opportunities where recognition of current competence can be undertaken for these units.

Resources required for assessment:

Unless otherwise specified, there are no significant resource implications for assessment of this unit, apart from access to a relevant workplace or closely simulated office environment and the use of a range of office equipment, technology and consumables. These may include standard commercial computer hardware, software, telephones, facsimiles, and other relevant office equipment.

Range Statement

The range statement relates to the unit of competency as a whole. It allows for different work environments and situations that will affect performance.

The following variables may be present with training and assessment depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts. If **bold italicised** text is shown in Performance Criteria, details of the text are provided in the Range Statement.

Adviser may include:

any representative of a licensee
employee or owner
all natural persons who provide financial
product advice to retail clients

Identified needs and outcomes may include:
