FSKLRG11 Use routine strategies for work-related learning

Release: 1

FSKLRG11 Use routine strategies for work-related learning

Modification History

Release	Comments
Release 1	This streamlined version first released with <i>FSK Foundation Skills Training Package version 1.0</i> .

Application

This unit describes the skills and knowledge required to identify own learning goals and needs, and develop a formal learning plan to participate in a vocational or workplace learning environment.

The unit applies to individuals who need learning skills at Australian Core Skills Framework (ACSF) level 3 to undertake a vocational training pathway and/or workplace tasks.

This unit is designed for integration and contextualisation with vocational units to support achievement of vocational competency.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

Learning

Elements and Performance Criteria

Element	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare for learning	1.1 Identify work-related learning goals 1.2 Investigate a range of formal and informal learning pathways 1.3 Investigate a range of approaches to achieve goal 2.4 Identify potential barriers to learning
2. Use strategies for learning	2.1 Identify a preferred approach to achieving work-related learning goals 2.2 Identify strategies to address barriers to achieving learning goals

Element	Performance Criteria
	2.3 Propose routine learning strategies to achieve learning goal 2.4 Create and use a learning plan to implement strategies
3. Review own learning progress	3.1 Monitor progress against the plan 3.2 Seek feedback from an appropriate person 3.3 Identify areas for further learning and training

Foundation Skills

This section describes language, literacy, numeracy and employment skills incorporated in the performance criteria that are required for competent performance.

Skill	Performance Criteria	Description
Reading		Interprets and evaluates information related to learning pathways
Oral Communication		Discusses progress with trainer/supervisor
Planning and Organising		Develops a learning plan

Mapping Information

Not applicable

Assessment Requirements for FSKLRG11 Use routine strategies for work-related learning

Modification History

Release	Comments
Release 1	This streamlined version first released with <i>FSK Foundation Skills Training Package version 1.0</i> .

Performance Evidence

Evidence of the ability to:

- develop a plan for own learning pathway
- review own progress.

Evidence must be collected using typical work-related tasks.

Note: Where a specific volume and/or frequency is not specified, evidence must be provided at least once.

Knowledge Evidence

Evidence of the following knowledge must be demonstrated:

- strategies for learning
- own learning goals
- education and training requirements for learning pathway options.

Assessment Conditions

Assessment texts and tasks reflect those typically found in the workplace.

Individuals can access own familiar support resources.

Culturally appropriate processes and techniques suited to the language, literacy and numeracy capacity of individuals and the work being performed must be used.

Reasonable adjustments can be made to ensure equity in assessment for people with disabilities.

Assessors must satisfy NVR/AQTF assessor requirements, have sound knowledge of the ACSF and have demonstrable expertise in the vocational contextualisation and assessment of the core skill - learning.
