Assessment Requirements for FWPCOR2205 Follow WHS policies and procedures

Release: 1

Assessment Requirements for FWPCOR2205 Follow WHS policies and procedures

Modification History

Release	Comment
1	Replaces superseded equivalent, FPICOR2205B Follow OHS policies and procedures which was first released with FPI11 Forest and Forest Products Training Package Version 1. This is the first release of this unit in the new standards format. Assessment requirements now specify the performance and knowledge evidence, as well as assessment conditions for this unit of competency. These sections simplify and replace components used in the previous unit format, including 'Required Skills and Knowledge, Evidence Guide and Range Statement'.

Performance Evidence

A person demonstrating competency in this unit must satisfy all of the elements, performance criteria and foundation skills of this unit. If a specific volume or frequency is not stated below, then evidence must be provided that the following requirements have been performed on at least one occasion:

- identify risks and hazards in the workplace and implement appropriate actions to address those risks and hazards
- use and maintain personal protective equipment and clothing to ensure their own safety
- follow emergency and evacuation procedures
- interpret and follow safety signs and symbols
- complete and maintain workplace information, records and reports about hazards, risks and incidents.

Knowledge Evidence

A person competent in this unit must be able to demonstrate knowledge of:

- legal and organisational requirements and codes of practice relevant to WHS
- enterprise and site standards, policies and procedures for WHS, as they apply to the job role
- environmental risks and hazard identification
- hazard and risk control
- equipment used for workplace health and safety, and procedures for its safe use and maintenance
- personal protective equipment and clothing and its properties
- firefighting equipment

- fatigue management
- elimination of hazardous substances
- machine guarding
- manual handling including shifting, lifting and carrying
- procedures for recording and reporting workplace information.

Assessment Conditions

The following resources must be made available:

- personal protective equipment
- organisational policies and procedures
- manufacturer's instructions for the safe use of equipment.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessor requirements

Assessors must:

- hold the appropriate assessor competency standards as outlined in regulations; and
- be able to demonstrate vocational competencies at least to the level being assessed; and
- be able to demonstrate how they are continuing to develop their VET knowledge and skills as well as maintaining their industry currency and assessor competence.
