This release was made to updated mapping information and correct superseded unit codes listed in the qualification. |

## Qualification Description

This qualification reflects the role of workers who provide non-emergency transport and care for patients who have non-acute or chronic illness or disability and require transport. Workers in this role provide appropriate patient assessment and follow procedures for safe removal of a patient for transport for pre-arranged or booked transport service. Time of response is not given high priority in comparison to emergency transport.

*No occupational licensing, certification or specific legislative requirements apply to this qualification at the time of publication.*

## Packaging Rules

13 units must be completed:

- 11 core units
- 2 elective units, consisting of:

- at least 1 unit from the electives listed below
- up to 1 unit from the electives listed below or from any other current endorsed Training Package or accredited course.

The selection of electives must be relevant to the job outcome sought, local industry requirements and the complexity of skills appropriate to the AQF level of this qualification.

Note: Unit marked with * has a prerequisite HLTAID011 Provide First Aid

## Core units

BSBMED301    Interpret and apply medical terminology appropriately

CHCDIV001    Work with diverse people

HLTAAP001    Recognise healthy body systems

HLTAID011    Provide first aid

HLTINF006    Apply basic principles and practices of infection prevention and control

HLTOUT001    Implement safe access and egress
