HLT47026 Certificate IV in Sterilisation Services

Release: 1

HLT47026 Certificate IV in Sterilisation Services

Modification History

Release	Comments
1	This qualification was first released in HLT Health Release 11.0.

Qualification Description

This qualification reflects the role of a team leader or senior technician working in a reprocessing environment within a health or non-health facility.

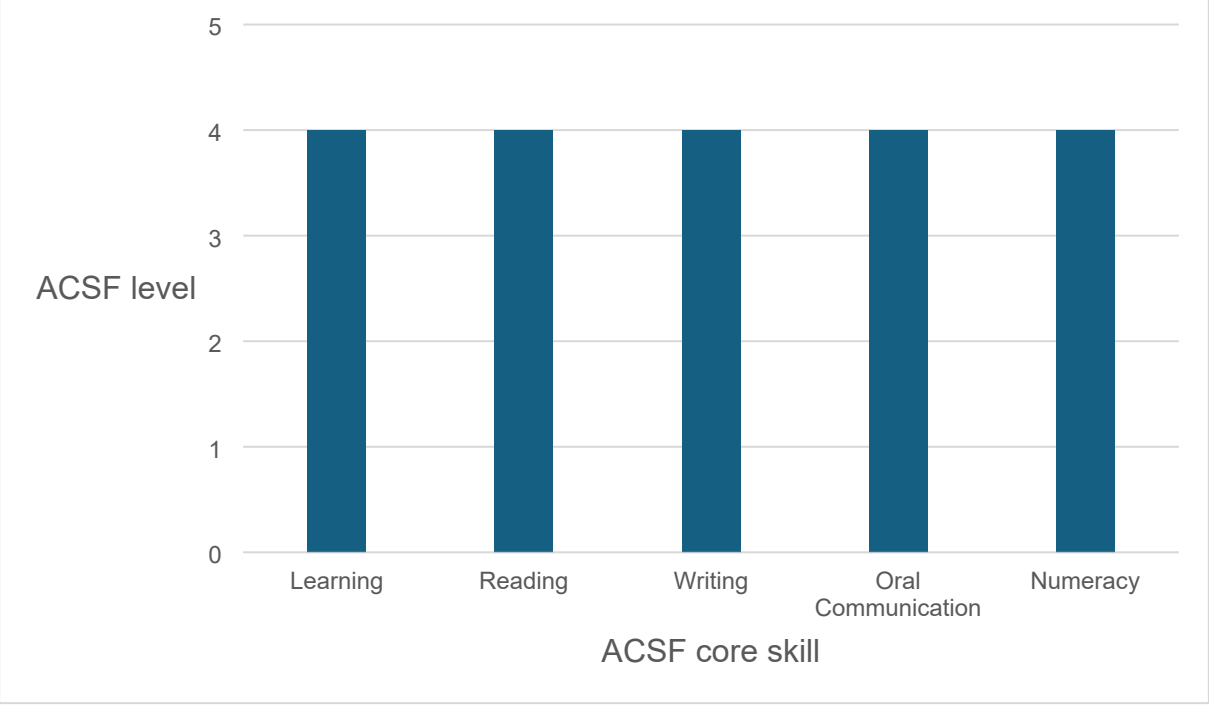

Individuals with this qualification take responsibility for their own work and supervise others. They are responsible for the maintenance of quality requirements and monitoring of technical reprocessing functions.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Foundation Skills Outcomes

The foundation skills outcomes in this qualification are outlined below.

© Commonwealth of Australia, 2026 HumanAbility
