Assessment Requirements for HLTAHA011 Conduct group sessions for individual client outcomes

Release: 1

Assessment Requirements for HLTAHA011 Conduct group sessions for individual client outcomes

Modification History

Release	Comments
Release 1	This version was released in <i>HLT Health Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages. Significant changes to the elements and performance criteria. New evidence requirements for assessment including volume and frequency requirements. Minimum work hours added.

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has:

- planned and conducted 3 group sessions, 1 in a simulated environment and 2 in the workplace, to meet a range of individual client outcomes
- undertaken an evaluation process in relation to 1 of the group sessions in the workplace
- performed the activities outlined in the performance criteria of this unit during a period of at least 120 hours of work

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the work role. This includes knowledge of:

- principles of group dynamics and the nature of group learning
- factors that affect behaviour in groups
- group roles, leadership and facilitator techniques
- organisation policy and procedures in relation to:
 - record keeping
 - other specific organisation policies or procedures, including supervisory and reporting protocols
- legal and ethical considerations relevant to allied health:
 - privacy, confidentiality and disclosure
 - duty of care

- discrimination
- human rights
- work role boundaries – responsibilities and limitations including when and how to provide feedback about client
- work health and safety (WHS):
 - manual handling including identification and control of manual task risk factors

Assessment Conditions

The following aspects of the performance evidence must have been demonstrated using simulation prior to being demonstrated in a therapeutic workplace under direction and supervision (direct, indirect, remote) as determined by the allied health professional:

- planned and conducted 1 group session to meet a range of individual client outcomes

The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including program plans and any relevant equipment outlined in the plan
- modelling of industry operating conditions and contingencies, including provision of services to real people

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
