Assessment Requirements for HLTAHA044 Work within a community rehabilitation environment

Release: 1

Assessment Requirements for HLTAHA044 Work within a community rehabilitation environment

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- facilitate involvement and participation of three people, one in simulation and two in the workplace, in the rehabilitation process within the context of rehabilitation plans
- perform the activities outlined in the performance criteria of this unit during a period of at least 120 hours of allied health assistance work. At least 60% of this work must be carried out in an allied health workplace. The remaining 40% may be carried out in a simulated environment, if an allied health workplace is unavailable.

Knowledge Evidence

Demonstrate the knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- allied health core competencies:
 - person-centred care
 - individual therapy
 - group therapy
 - communication of information
 - equipment and environment
- the importance and meaning of home and belongings to persons and the nature and significance of working in the person's home and community settings
- the importance and practice of participation, social justice and equity
- values and philosophies of community rehabilitation in practice
- different frameworks, approaches and models of community rehabilitation
- cross cultural issues in a community rehabilitation context
- community advocacy groups
- importance of principles and practices to enhance sustainability in the workplace, including environmental, economic, workforce and social sustainability
- international classification of functioning, disability and health
- organisational policy and procedures in relation to:
 - confidentiality:
 - privacy
 - disclosure

- duty of care
- documentation:
 - reporting
 - recording data
 - written communication to Allied Health Professional
- professional behaviour and presentation
- infection control practices
- work health and safety (WHS)
- manual handling
- personal protective equipment (PPE)
- supervision and delegation
- risk assessment and risk management associated with working in person's homes and the community
- scope of practice of the Allied Health Assistant and Allied Health Professional
- relevant national or state-based community services and programs and local community care services
- medico-legal and legal implications of working outside the plans, specifically treatment style plan
- principles of empowering the older person
- principles of empowering people living with disability or serious mental illness
- changes related to ageing
- concepts of holistic health and wellbeing
- social determinants of health.
- concepts of the medical model, the biopsychosocial models and the human rights-based approach of allied health interventions
- principles of choice and control
- concept of reablement
- allied health settings:
 - hospital
 - community health
 - mental health
 - disability sector
 - aged care sectors.

Assessment Conditions

Skills may be demonstrated in the workplace, or in a simulated environment, as per the conditions outlined in the performance evidence.

Assessment must ensure:

- access to suitable facilities, equipment and resources that reflect real working conditions and model industry operating conditions and contingencies

- access to personal protective equipment (PPE)
- access to individualised plans and any relevant equipment outlined in the plan
- access to organisational policies and procedures
- opportunities for engagement with real people accessing allied health services.

Assessors must satisfy the Standards for Registered Training Organisations requirements for assessors, and:

- be a Certificate IV qualified Allied Health Assistant with a minimum of three years of professional experience in allied health services; or
- a registered Allied Health Professional.
