Modification History

Release	Comments
Release 2	Updated: • assessor requirements statement • foundation skills lead in statement • licensing statement • modification history to reflect 2012 standards Equivalent outcome.
Release 1	This version was released in <i>HLT Health Training Package release 1.0</i> and meets the requirements of the 2012 Standards for Training Packages. Significant changes to elements and performance criteria. New evidence requirements for assessment, including volume and environment requirements.

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role.

There must be evidence that the candidate has:

- advocated for at least one Aboriginal and/or Torres Strait Islander community, or identified group within that community, by:
 - identifying and clarifying at least one area of concern relating to Aboriginal and/or Torres Strait Islander community health in consultation with the community
 - supporting the community to develop at least one strategy to address the identified issue
 - discussing identified issues within own health service, and facilitating change to address identified issues
 - communicating with relevant agencies and organisations, as identified, to address issues
 - promoting identified community interests in appropriate forums
 - lobbying relevant government and non-government agencies, departments and organisations to facilitate change

- negotiating with stakeholders relevant to the identified issues.

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively do the task outlined in elements and performance criteria of this unit, manage the task and manage contingencies in the context of the identified work role.

This includes knowledge of:

- relevant policies, protocols and procedures of the organisation
- key aspects of:
 - Royal Commission into Aboriginal Deaths in Custody
 - National Aboriginal Health Strategy
 - relevant current federal, state/territory and local government policies and legislation
 - Charter of Human Rights and Rights of the Child
 - child protection legislation
 - domestic violence legislation
 - anti-discrimination legislation
 - Disability Support Services and Veterans' Affairs guidelines.

Assessment Conditions

Skills must be demonstrated working:

- in a health service or centre
- individually or as a member of a multidisciplinary primary health care team
- with Aboriginal and/or Torres Strait Islander clients and communities.

In addition, simulations and scenarios must be used where the full range of contexts and situations cannot be provided in the workplace or may occur only rarely. These are situations relating to emergency or unplanned procedures where assessment in these circumstances would be unsafe or is impractical.

Simulated assessment environments must simulate the real-life working environment where these skills and knowledge would be performed, with all the relevant equipment and resources of that working environment.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.

Assessment must be undertaken by a workplace assessor who has expertise in this unit of competency and who is:

an Aboriginal and/or Torres Strait Islander Health Worker or:

- accompanied by an Aboriginal and/or Torres Strait Islander person who is a recognised member of the community with experience in primary health care.
