| Release 1 | This version was released in <i>HLT Health Training Package release 1.0</i> and meets the requirements of the 2012 Standards for Training Packages.<br><br>Significant changes to elements and performance criteria. New evidence requirements for assessment, including volume and environment requirements. |

### Application

This unit describes the required skills and knowledge for an Aboriginal or Torres Strait Islander worker to perform effectively in delivery of primary health care services to clients in the confinement of a prison or corrective services environment.

This unit applies to those Aboriginal and/or Torres Strait Islander Health Workers working independently and as part of a multidisciplinary team to deliver primary health care services to Aboriginal and/or Torres Strait Islander clients and communities.

*The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.*

### Elements and Performance Criteria

#### ELEMENT

*Elements define the essential outcomes.*

#### PERFORMANCE CRITERIA

*Performance criteria specify the level of performance needed to demonstrate achievement of the element.*

| ELEMENT                                                | PERFORMANCE CRITERIA                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

| <i>Elements define the essential outcomes.</i>         | <i>Performance criteria specify the level of performance needed to demonstrate achievement of the element.</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| 1. Prepare to work with clients in confinement         | <p>1.1 Clarify prison policies and procedures to identify potential for providing primary health care services to inmates</p> <p>1.2 Clarify overlapping and complementary roles of workers in the prison environment</p> <p>1.3 Identify boundaries and constraints relating to own work role in the prison environment</p> <p>1.4 Seek to identify level of awareness of own role among staff and inmates in the prison environment</p> <p>1.5 Clarify potential for own role to enhance client care in the prison environment</p> <p>1.6 Professionally assert scope of practice appropriate to own role and skills with prison staff</p> |
| 2. Advocate for clients effectively from within prison | <p>2.1 Clarify inmate needs for health care and support as appropriate to own role</p> <p>2.2 Recognise potential impacts and challenges of providing client advocacy from inside the prison</p> <p>2.3 Employ strategies to effectively manage conflict or resentment arising from client advocacy activities</p> <p>2.4 Clarify rights and responsibilities of inmates and assert as required</p> <p>2.5 Support inmates in relation to parole and release issues as required</p> <p>2.6 Contribute to post-release support as appropriate</p>                                                                                             |
| 3. Support inmates to make informed health choices     | <p>3.1 Use accurate information about the inmate's health and potential care as a basis for informing clients about available options</p> <p>3.2 Explain potential consequences of available options to clients</p> <p>3.3 Support clients through the continuum of care in line with own work role</p>                                                                                                                                                                                                                                                                                                                                      |

## ELEMENT

## PERFORMANCE CRITERIA

*Elements define the essential outcomes.*

*Performance criteria specify the level of performance needed to demonstrate achievement of the element.*

4. Contribute to enhancing awareness of cultural safety issues

4.1 Raise cultural safety issues in the prison environment with staff in relation to health issues for Aboriginal and/or Torres Strait Islander clients

4.2 Build own tolerance and mutual respect of colleagues by seeking to understand reasons for any insensitivity or culturally unsafe practices

4.3 Reinforce colleagues' application of cultural safety practices in the workplace through public and/or personal recognition

4.4 Provide leadership in the implementation of culturally safe principles and practice

5. Promote change to enhance cultural safety in the prison environment

5.1 Participate in the development and/or refinement of prison policies on cultural safety

5.2 Identify change agents who may facilitate and/or champion needed change

5.3 Identify potential blockages to change

5.4 Mobilise available support to enhance cultural safety in the prison environment

5.5 Enlist community support to enhance cultural safety in the prison environment

## Foundation Skills

*The Foundation Skills describe those required skills (language, literacy, numeracy and employment skills) that are essential to performance.*

Learning

- in order to acknowledge that confusion and mistakes form part of the learning process
- in order to develop and trial own approach to different tasks when manuals and guides are unavailable

Other foundation skills essential to performance are explicit in the performance criteria of this unit.

## Unit Mapping Information

No equivalent unit.
