HLTPOP025 Provide basic repairs and maintenance to health hardware and fixtures. Minor changes. Mapping Info Table Notes added for superseded unit HLTPOP001 Provide basic repairs and maintenance to health hardware and fixtures.
Release 1	Release 1. HLTPOP025 Provide basic repairs and maintenance to health hardware and fixtures supersedes and is equivalent to HLTPOP001 Provide basic repairs and maintenance to health hardware and fixtures.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- identify at least two potential health risks or problems associated with inappropriate or defective health hardware and fixtures and in doing so:
 - develop and implement a work plan that includes strategies to deal with each issue under the guidance of a supervisor
 - communicate with stakeholders throughout the process
- carry out at least two basic repair or maintenance tasks on health hardware or fixtures.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- organisational policies and procedures relating to repair and maintenance work, including:
 - infection control
 - manual handling
 - personal protective equipment use
 - workplace health and safety (WHS) standards
 - scope of own role and responsibilities

- approvals required and process of obtaining approvals
- referral agencies and their roles and responsibilities
- common faults, risks and problems associated with health hardware and fixtures and how to identify
- correct selection and use of tools, equipment and materials to be used for repairs and other tasks required.

Assessment Conditions

Skills must be demonstrated in workplace or in a simulated environment that reflects workplace conditions.

Where simulation is used, it must reflect real working conditions by modelling industry operating conditions and contingencies.

Assessment must ensure access to:

- use of suitable facilities, equipment and resources, including:
 - workplace health and safety (WHS) standards
 - personal protective equipment (PPE)
 - organisational policies and procedures
 - maintenance requests
 - hand and power tools appropriate to the maintenance tasks.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors.
