Assessment Requirements for MARB055 Maintain mooring equipment

Release: 1

Assessment Requirements for MARB055 Maintain mooring equipment

Modification History

Release 1. This is the first release of this unit of competency in the MAR Maritime Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions on at least one occasion and include:

- applying relevant work health and safety (WHS)/occupational health and safety (OHS) requirements and work practices
- communicating effectively with others and working as part of a team
- completing documentation related to maintenance of mooring equipment
- following workplace procedures to maintain equipment
- identifying faults and problems related to mooring equipment
- initiating timely action in response to defects or damage
- reading and interpreting manufacturer's instructions and specifications relevant to mooring equipment maintenance
- selecting and using required Personal Protective Equipment (PPE).

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions and include knowledge of:

- PPE required when maintaining mooring equipment
- recommended manufacturer instructions for equipment repair
- requirements for completing relevant documentation
- scope of own work, responsibilities, and duties for maintaining mooring equipment including reporting lines and requirement to escalate issues to appropriate personnel
- typical faults that can occur with mooring equipment and related action that should be taken to repair, isolate, replace, report, and record faulty equipment
- WHS/OHS requirements and work practices
- workplace procedures related to maintaining mooring equipment.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Assessment must occur in workplace operational situations, where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Resources for assessment must include access to:

- applicable documentation such as workplace procedures, regulations, codes of practice, operation manuals, manufacturer instructions and procedures
- tools, equipment, machinery, materials, and relevant personal protective equipment (PPE) currently used in industry.
