MARSS00028 Basic Operations for Ships Subject to IGF Code Skill Set

Release 1

MARSS00028 Basic Operations for Ships Subject to IGF Code Skill Set

Modification History

Release 1. This is the first release of this Skill Set in the MAR Maritime Training Package

Description

This Skill Set reflects the skills and knowledge required by Masters, Chief Mate, Deck Officers, Engineering Officers, Engineers, Rating and other Seafarers on ships subject to the International Code of Safety for Ships Using Gases or Other Low-Flashpoint Fuels (IGF Code).

Pathways Information

This Skill Set is part of the MAR Maritime Training Package.

Check with the Australian Maritime Safety Authority (AMSA) before undertaking this Skill Set to determine requirements for ships subject to the IGF Code endorsement.

Licensing/Regulatory Information

To obtain certification in basic training for ships subject to the IGF Code from AMSA Seafarers will need to complete this Skill Set or hold an endorsement in tanker familiarisation or advanced training for liquefied gas tanker cargo operations.

Before undertaking this Skill Set, Seafarers will need to have completed certification in:

- Elementary first aid – Regulation VI/1, Code Section A-VI/1, Table A-VI/1-3
- Fire prevention and firefighting – Regulation VI/1, Code Section A-VI/1, Table A-VI/1-2
- Personal safety and social responsibilities – Regulation VI/1, Code Section A-VI/1, Table A-VI/1-4
- Personal survival techniques – Regulation VI/1, Code Section A-VI/1, Table A-VI/1-1

Check with AMSA to determine requirements for ships subject to IGF Code endorsement.

Skill Set Requirements

A total of 1 unit of competency must be attained.

MARA014 Contribute to basic operations of a ship subject to IGF Code

Target Group

Seafarers interested in AMSA certification in basic training for ships subject to the IGF Code.

Suggested words for Statement of Attainment

This MARSS00028 Basic Operations for Ships Subject to IGF Code Skill Set is from the MAR Maritime Training Package and meets some of the industry requirements for basic training for ships subject to the International Code of Safety for Ships Using Gases or Other Low-Flashpoint Fuels (IGF Code).
