June 2025: Skill set requirements appended to description as a change without release to preserve content in migration to new training package authoring system.

### Description

Not applicable.

#### Detailed Skill Set Requirements

|        |                                                                                                                                        |
|--------|----------------------------------------------------------------------------------------------------------------------------------------|
| MEA119 | Perform administrative processes to prepare for certification of civil aircraft A level line maintenance                               |
| MEA264 | Remove and install aircraft electrical/avionic components during line maintenance ( <b>Not required</b> if MEA203 and MEA293 are held) |
| MEA344 | Remove and install aircraft components                                                                                                 |
| MEA345 | Perform scheduled line maintenance activities on gas turbine engine fixed wing aircraft                                                |
| MEA418 | Perform basic repair of aircraft internal fittings during line maintenance                                                             |

### Pathways Information

This Skill Set has been developed to assist in compliance with CASR Part 66 requirements for the A1 licence and does not relate to attainment of an additional Aeroskills qualification.

### Licensing/Regulatory Information

Not applicable.

### Skill Set Requirements

|        |                                                                                                          |
|--------|----------------------------------------------------------------------------------------------------------|
| MEA119 | Perform administrative processes to prepare for certification of civil aircraft A level line maintenance |
| MEA264 | Remove and install aircraft electrical/avionic components during line                                    |

|        |                                                                                         |
|--------|-----------------------------------------------------------------------------------------|
|        | maintenance ( <b>Not required</b> if MEA203 and MEA293 are held)                        |
| MEA344 | Remove and install aircraft components                                                  |
| MEA345 | Perform scheduled line maintenance activities on gas turbine engine fixed wing aircraft |
| MEA418 | Perform basic repair of aircraft internal fittings during line maintenance              |

## Target Group

Individuals with Certificate IV in Aeroskills (Avionics) seeking the grant of an A1 licence.  
Note that requirements may vary according to the elective units taken for the Certificate IV.

## Suggested words for Statement of Attainment

These competencies from the MEA Aeroskills Training Package meet the requirements for the grant of an A1 licence to individuals who hold a Certificate IV in Aeroskills (Avionics).
