MEASS00616 MTA056 Electroplate aeronautical product component parts

Release 1

MEASS00616 MTA056 Electroplate aeronautical product component parts

Modification History

Release 1. Skill set code changed. Description added. Units and codes updated. Supersedes and is equivalent to MEASS00403 MTA056 Electroplate aeronautical product component parts.

Description

This skill set reflects the skill requirements for individuals with allied trade qualifications who are employed in Civil Aviation Safety Regulations (CASR) Part 145 approved maintenance organisations (AMOs) and require approval to electroplate aeronautical product component parts.

Pathways Information

This skill set has been developed to assist in compliance with CASR Part 145. These units provide credit towards a range of MEA Aeroskills and MEM Metal and Engineering Training Package qualifications.

Licensing/Regulatory Information

Civil Aviation Safety Authority (CASA) and Defence Aviation Safety Authority (DASA) regulations apply to this skill set.

Skill Set Requirements

MEACOM0029	Conversion from allied trades for employment in aviation maintenance workshops*
MEA157	Complete aviation maintenance industry documentation
MEM07001	Perform operational maintenance of machines equipment*
MEM08001	Perform wire, jig and barrel load unload work*
MEM08003	Perform electroplating operations*
MEM08018	Electroplate engineering coatings*
MEM13003	Work safely with industrial chemicals and materials*
MEM18001	Use hand tools*

MEM15004	Perform inspection*
----------	---------------------

Units marked with an asterisk have prerequisites. See the unit or the MEA Aeroskills Companion Volume Information Guide for details.

Target Group

This skill set is for individuals with allied trade qualifications who are employed in CASR Part 145 AMOs and require approval to electroplate aeronautical product component parts.

Suggested words for Statement of Attainment

These competencies from the MEA Aeroskills Training Package meet the requirements for employment of individuals with Certificate III or Certificate IV qualifications in an allied trade in aircraft component maintenance workshops on the electroplating of aeronautical product component parts.

Custom Content Section

Not applicable.
