MEASS00195 Machine aeronautical product component parts using horizontal and/or vertical boring machines

Release: 1

MEASS00195 Machine aeronautical product component parts using horizontal and/or vertical boring machines

Modification History

Not applicable.

Description

Not applicable.

Pathways Information

This Skill Set has been developed to assist in compliance with CASR Part 145 and does not relate to an Aeroskills qualification.

Licensing/Regulatory Information

Not applicable.

Skill Set Requirements

MEA108B	Complete aviation maintenance industry documentation
MEA145A	Conversion from allied trades for employment in aviation maintenance workshops
MEM07005C	Perform general machining
MEM07013B	Perform machining operations using horizontal and/or vertical boring machines
MEM09002B	Interpret technical drawing
MEM12023A	Perform engineering measurement
MEM18001C	Use hand tools

Target Group

Individuals with allied trade qualifications who are employed in CASR Part 145 AMOs and require approval to perform machining of aeronautical product component parts using horizontal and/or vertical boring machines.

Suggested words for Statement of Attainment

These competencies from the MEA11 Aeroskills Training Package meet the requirements for employment of individuals with Certificate III or Certificate IV qualifications in an allied trade in aircraft component maintenance workshops on machining of aeronautical product component parts using horizontal and/or vertical boring machines.
