## Modification History

Release 2. Elective imported units updated. Supersedes and equivalent to MSF20322 Certificate II in Cabinet Making and Timber Technology (Release 1).

Release 1. Revised with name change and amendments to packaging rules. Supersedes and is not equivalent to MSF20313 Certificate II in Furniture Making.

## Qualification Description

Workers with this qualification work at a production operation or assistant level in the construction, manufacture and installation of timber and composite products, including furniture and cabinetry. Job roles may be factory or site based. Individuals may be multi-skilled or work in a single area such as furniture making or kitchen and bathroom construction and installation. Work involves known routines and procedures and some accountability for the quality of own work outcomes while working as a member of a team and under general supervision.

This qualification is suitable for individuals who are formally engaged in a traineeship in accordance with the Australian Apprenticeships policy. It is not appropriate for vocational education and training delivered to secondary students. This qualification does not cover shopfitting.

There are no specific licences that relate to this qualification, but induction training is required for work on construction sites.
