There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- completed all of the following in annealed coloured, opaque and textured glass by hand:
 - straight cuts
 - simple shapes
 - truncated and radius corners
 - circles
 - complex shapes.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- safe work practices and procedures and use of personal protective equipment (PPE)
- qualities and characteristics of coloured and textured glass, including hazards and handling requirements
- correct identification and use of glass cutting equipment, their functions and procedures for use
- set-up and operation of glass cutting equipment, including procedures for reporting product defects or equipment faults
- work flow requirements related to glass cutting
- environmental protection requirements relating to the disposal of waste material
- established communication channels and protocols.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - equipment, tools and materials required to complete tasks specified in the Performance Evidence

- glass product to be cut
- safety and personal protective equipment
- work orders
- workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
