Assessment Requirements for MSFFDM5011 Plan production

Release: 2

Assessment Requirements for MSFFDM5011 Plan production

Modification History

Release 1. Unit code and Application changed. Elements and Performance Criteria updated to active voice. Range of Conditions removed and relevant content moved to Assessment Requirements. Assessment Requirements changed to remove duplication with Performance Criteria. Supersedes and is equivalent to MSFFT5006 Plan production.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- establish and confirm the production requirements for one significant production requirement, and in doing so:
 - prepare the production plan
 - monitor and coordinate variations to the plan
 - maintain records
 - engage with appropriate workplace software and systems.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- production processes, products, machines, planning and forecasting software
- the range of production operations, including:
 - repetitive production runs
 - short runs
 - quick changes
 - indent orders
 - stock replenishment
- work and workplace organisation systems including:
 - just in time (JIT)
 - quick response
 - quality systems
 - team processes
 - benchmarking systems
- suppliers, their capabilities and customer requirements
- safety and environmental aspects of relevant workplace activities
- workplace procedures and reporting/recording processes, including:
 - the workplace business plan
 - previous production plans

- planning and production policies
- machine/equipment specifications
- work orders
- job procedures
- work health and safety requirements, including:
 - legislation
 - building codes
 - material safety management systems
 - hazardous and dangerous goods codes
 - local safe operating procedures or equivalent.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- access to workplace procedures, equipment, stock systems and other relevant workplace information.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
