Assessment Requirements for MSFFF2015

Apply stains, fillers and bleach

Release: 1

Assessment Requirements for MSFFF2015 Apply stains, fillers and bleach

Modification History

Release 1. Changes to code, application, elements, performance criteria. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- apply stains, fillers and bleach to at least 3 different surfaces, including at least 2 of the following:
 - solid softwood
 - solid hardwood
 - manufactured board.
 -

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- application techniques
- characteristics of stains, fillers and bleaches, including:
 - toxicity
 - reactivity
 - flammability
 - viscosity
- methods to prevent contamination of surfaces during and after processing
- workflow in relation to the application of stains, fillers and bleach
- sources of workplace information, including:
 - workplace procedures relating to the use of tools and equipment
 - work instructions
 - workplace procedures relating to reporting and communication
 - manufacturer specifications and operational procedures
 - materials application and safety information, and material safety data sheets (SDS)
- typical materials required for applying stains, fillers and bleach, including:
 - water
 - abrasive papers
 - cotton rags and hessian

- typical tools and equipment, including personal protective equipment (PPE), required for applying stains, fillers and bleach, including:
 - liquid containers
 - rubber gloves
 - face masks
 - spray booths
 - spray guns
 - compressor
 - air lines
 - brushes
 - sanding block
- types of stain, including:
 - lacquer-based wiping stain
 - spirit-based
 - water and oil-based
- types of bleach, including:
 - two-solution bleach
 - oxalic acid bleach
- types of filler, including:
 - oil-based
 - water-based and plastic (one-pot) filler
 - work health and safety requirements, including personal protective equipment.
 -

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - work orders
 - application tools and equipment required for performance evidence
 - PPE
 - stains, fillers, bleach
 - surfaces to be processed
 - workplace procedures, manufacturing specifications, codes, standards, manuals, and reference materials.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
