Assessment Requirements for MSFFF3014 Enhance finishes

Release: 1

Assessment Requirements for MSFFF3014 Enhance finishes

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Performance Evidence

There must be evidence the candidate has completed all the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- on at least 3 occasions, including 1 occasion involving a curved surface, enhance existing finishes by:
 - cutting down
 - pulling in
 - compounding and buffing
 - waxing and oiling to achieve a satin finish.
 -

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- hand application techniques
- functions and safety requirements of hand and power tools, particularly in wet working environments
- characteristics of compounds, waxes and oils in terms of toxicity, reactivity, flammability and required viscosity
- methods to prevent contamination of surfaces during and after finishing
- typical materials used to enhance finishes, including:
 - water
 - detergent
 - cutting compound
 - wax
 - oil
 - buffing creams
- typical tools and equipment used to enhance finishes, including:
 - abrasive papers
 - pulling/pullover rubber
 - cotton rags
 - steel wool
 - orbital sander pneumatic or low voltage

- electric or pneumatic buff
- rubber sanding block
- workflow for applying finishing material
- sources of workplace information, including:
 - workplace procedures relating to the use of tools and equipment
 - work instructions
 - workplace procedures relating to reporting and communication
 - manufacturer specifications and operational procedures
- work health and safety requirements including personal protective equipment (PPE).
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - work orders
 - items with finishes requiring enhancement required for performance evidence
 - hand finishing equipment
 - compounds, waxes and oils
 - PPE
 - workplace procedures, manufacturing specifications, codes, standards, manuals, and reference materials.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
