Assessment Requirements for MSFFL3094 Apply stains and fillers to timber flooring

Release: 1

Assessment Requirements for MSFFL3094 Apply stains and fillers to timber flooring

Modification History

Release 1. Supersedes and is equivalent to MSFFL3028 Apply stains and fillers to timber flooring.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- applied each of the following types of stain to a complete room in accordance with job requirements:
 - lacquer-based
 - spirit-based
- applied fillers to:
 - 1 parquet floor
 - 1 strip timber floor.
 -

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- mathematical procedures for estimation and measurement, including calculation of area
- stain and filler application:
 - Australian Standards requirements
 - workplace safety systems requirements
 - work flow
 - environmental protection and sustainability requirements
 - methods of, and requirements for, timber floor preparation - basic sanding, finishing sanding and edging
 - type, characteristics, uses and limitations of different stain and filler products in relation to:
 - aesthetic quality
 - durability and longevity
 - ventilation and other safety requirements
 - moisture content
 - reaction to change of temperature and relative humidity
 - manufacturer recommendations
 - characteristics, safe use, maintenance and limitations of finishing tools and equipment

- techniques for application, the types of problems that may occur and how to avoid and respond
- procedures and protocols for the recording, reporting and maintenance of workplace records and information.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies.

The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - floors requiring finishing
 - equipment, tools and materials to complete tasks in the Performance Evidence, including safety and personal protective equipment
 - work orders
 - workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
