Assessment Requirements for MSFFL3117 Install mosaic and panel parquetry flooring

Release: 1

Assessment Requirements for MSFFL3117 Install mosaic and panel parquet flooring

Modification History

Release 1. Supersedes and is equivalent to MSFFL3083 Install patterned and mosaic parquet flooring. Changes to title, application, elements and performance criteria to improve clarity and consistency across MSFFL units. Changes to assessment requirements.

Performance Evidence

There must be evidence the candidate has completed the tasks in the elements and performance criteria of this unit of competency and has demonstrated the ability to install according to job instructions one mosaic parquet floor or one panel parquet floor to a complete room.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- manufacturer installation instructions for mosaic and panel parquet flooring
- the safe and correct use of, and maintenance requirements for tools and equipment for, installing mosaic and panel parquet flooring
- the most common issues that can arise when installing mosaic and panel parquet flooring and how to avoid and respond to them
- workplace policies and procedures relevant to their job role and responsibilities including for:
 - installing mosaic and panel parquet flooring
 - communication and reporting
 - environmental protection and sustainability, including maximising resource utilisation and minimising waste
 - quality indicators for completed work and process improvements
 - work health and safety, including the use of personal protective equipment and safety data sheets
 - work planning
- how to identify if a subfloor is suitable for installing mosaic and panel parquet flooring
- how to identify if mosaic and panel parquet flooring are installed correctly.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:

- locations in which to install mosaic and panel parquet flooring
- moisture vapour barrier, underlay and mosaic and panel parquet flooring and other materials required by job instructions
- equipment and tools required for the activities set out in the elements and performance criteria, including those to control hazards
- job instructions and workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
