Assessment Requirements for MSFFP2015

Use basic upholstery techniques

Release: 1

Assessment Requirements for MSFFP2015 Use basic upholstery techniques

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- use basic upholstery techniques to prepare, fit and finish at least one of the following products, with work to include fitting of fabric or leather cover to a base and the assembly and attachment of trim or fittings:
 - foot stool
 - headboard
 - seat top for chairs
 - padded blanket box
 - pin cushion top box
 - pin board.
 -

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- how to interpret drawings of product designs
- workflow for upholstery projects
- work health and safety requirements for upholstery projects
- tools and equipment commonly used in upholstery, including personal protective equipment (PPE)
- function of materials commonly used in upholstery, including at least 4 of the following:
 - timber
 - metal
 - plastics
 - fabric
 - webbing
 - plastic edging
 - foam
 - calico

- hessian
- glues
- screws
- nails and staples
- quality checking for upholstery work.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - product drawings
 - tools, equipment and materials, including PPE, required for performance evidence
 - procedures for work health and safety.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
